

THE CLEVELAND VIBRATOR COMPANY

HK Technologies, Inc.

Quality Industrial Vibrators and Vibratory Equipment since 1923

Light Duty Vibratory Table Packer

The Cleveland Vibrator Company's VP, light-duty, table is commonly used for compacting coffee, pharmaceuticals, and various powdered products in bottles, cans, bags, and other small containers. Force and frequency of air powered models are adjustable by air pressure regulation while electric powered tables are easily adjusted by mechanical means, or can be furnished with variable frequency controller. Optional features include "built-in" controls, special hardware or plastic tops, and supporting fixtures for cans, bottles, etc.

VP Series	LIGHT DUTY VIBRATORY TABLE PACKERS			
UNIT	DECK WIDTH	DECK LENGTH	DECK HEIGHT	NORMAL LOAD CAPACITY
VP-4	12	12	12	50-75 lbs.
VP-6	18	18	12	100-150 lbs.
VP-8	24	24	12	100-250 lbs.

All dimensions are in inches

Light Duty Vibratory Jogger Table

The Cleveland Vibrator Company Model VJ, Electromagnetic vibratory jogger is ideal for filling small molds in the plastic and fuse industries. This rugged unit comes completed with a Ultra High Molecular Weight (UHMW) plastic deck and built-in controller. The unit is designed for 115/1/60 power and the frequency is fixed at 3600 VPM. 220V models are also available.

All models are supplied with a built-in controller. The standard controller has a dial to adjust the stroke (intensity) of the vibration. There is a 3-position toggle switch allowing the user to choose between standard operation or optional VAF (variable amplitude, variable frequency) control.

Model VJ-1212-10 has a 12" x 12" UHMW top and stands 5-5/16" high on its own base. The maximum stroke "unloaded" is approximately 0.07". The maximum load is 50 pounds.

Model VJ-1515 has a 15" x 15" UHMW top and stands 5-3/4" high. The maximum stroke "unloaded" is approximately 0.04". The maximum load is 85 pounds.

VJ Series	Light Duty Vibratory Jogger Tables			
UNIT	DECK WIDTH	DECK LENGHT	DECK HEIGHT	NORMAL LOAD CAPACITY
VJ-1212	12	12	5-5/16	50 lbs
VJ-1515	15	15	5-3/4	85 lbs
