CVC TRIAL / RENTAL POLICY FABRICATED EQUIPMENT DIVISION TRIALS

Should it not be practical to provide test samples to CVC for evaluation, CVC can provide for trial/rental equipment to be sent to the job site. It is not the intention of our trial/rental policy to provide the specific piece of equipment required by the application, but to simply prove the principle that the application can be successfully handled by CVC. Consequently, the trial/rental unit may not be the exact size or configuration that is finally proposed. Trial/rental equipment can be provided, subject to the following terms and conditions:

- A. Equipment will be provided subject to availability and prior commitment.
- B. All freight charges to and from the customer's plant are to be charged to the customer's account.
- C. No modifications to the equipment may be made by the customer without prior written agreement from CVC and will be subject to additional charges for CVC to return the unit to its original condition.
- D. Should a customer require special modifications be made by CVC (prior to sending out) to a standard trial unit, charges will be on a time and material basis. This modification charge will be in addition to the standard rental fee.
- E. Rental fees will be charged based on how long the unit is kept by the customer. Rental charges begin one week after the equipment leaves our plant and conclude one week prior to receipt back at our plant to allow for transportation time.

First two weeks in customer's plant	\$200.00/week
Third and Fourth week in customer's plant	\$400.00/week
Fifth and Sixth week in customer's plant	\$500.00/week
After seven weeks	Full Value of Equipment

F. HyBrute Series Rental Fees

First two weeks in customer's plant	\$250.00/week
Third and Fourth week in customer's plant	\$500.00/week
Fifth and Sixth week in customer's plant	\$600.00/week
After Seven weeks	Full Value of Equipment

- G. Trial/rental customer will provide CVC with a purchase order acknowledging agreement to all trial/rental terms and accepting responsibility for any and all damage done to the equipment.
- H. Should CVC be favored with an order for a piece of production equipment as a result of a trial/rental test, part or the entire rental fee may be refunded.

Please note: We will begin invoicing at 30 days and subsequent 30-day intervals until the trial unit is returned.
