NEED: Customer needed to replace a portable belt conveyor with an enclosed feeder system to convey ferro manganese to a refractory furnace.

SOLUTION: CVC fabricated a feeder 12" in diameter by 192" long, aided by 2 rotary electric vibrators.

MODEL: CT-E 12192-RE-34-6(2)

PRODUCT: ferro manganese

CONSTRUCTION: all mild steel

ISOLATION: (4) #17600084 Marsh Mellow Mounts

CONTROLS: variable frequency controller

DRIVES: (2) RE-34-6 rotary electric vibrators set at 100%

FEATURES: additional loose inlet was supplied for the customer to add onto the feeder at a later date for additional material that will be introduced from another machine
